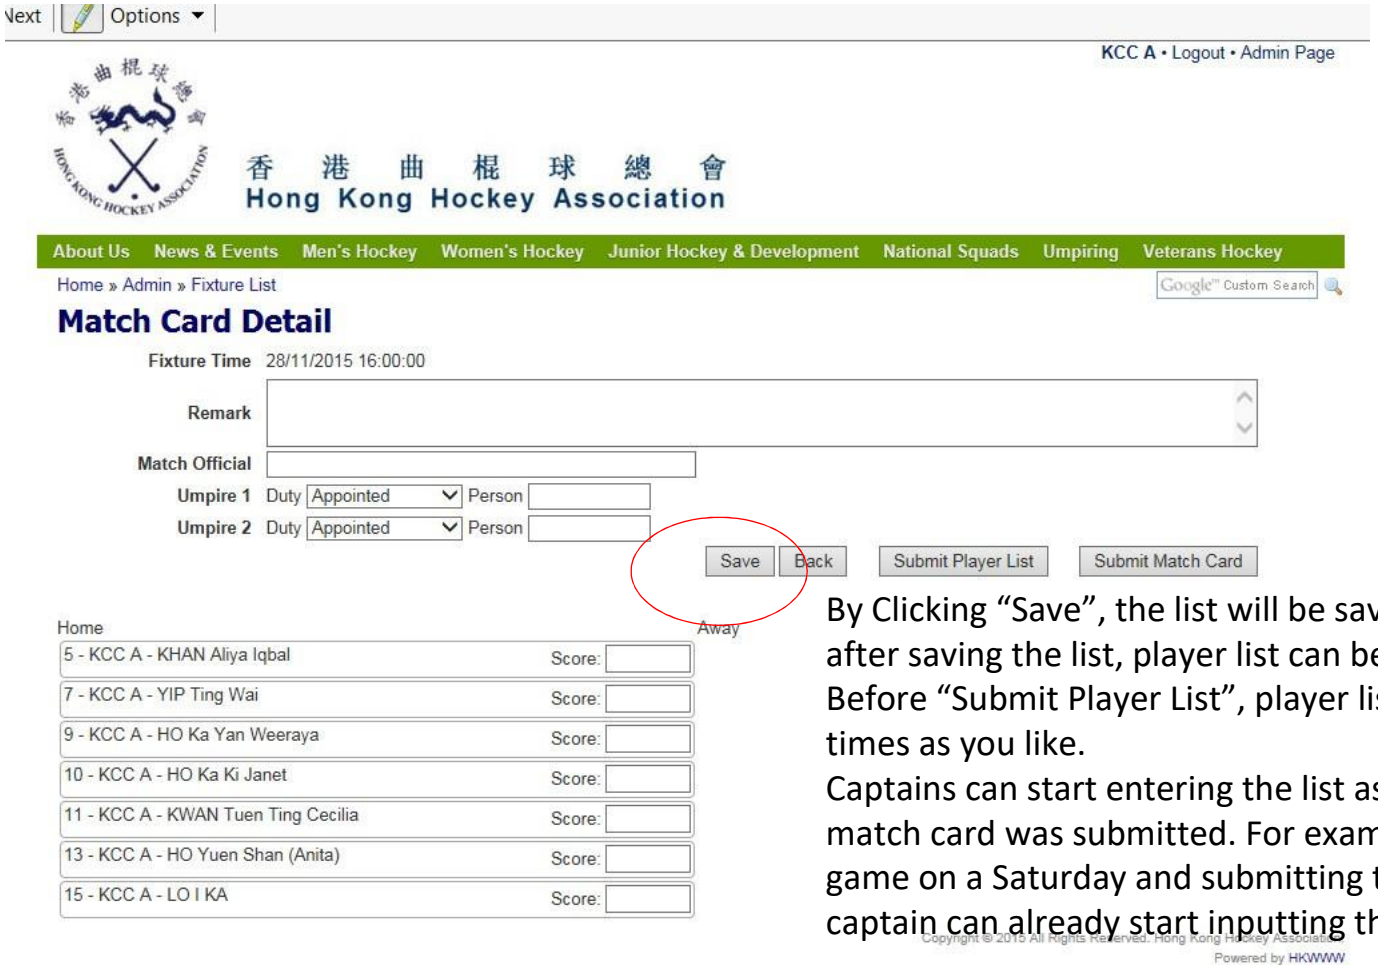
Select Players

If there are any players pulled up from lower teams, click on these tabs to get the player list

After Selecting All Players for the Match

Player List Can Be Amended As Many Times As You Wish

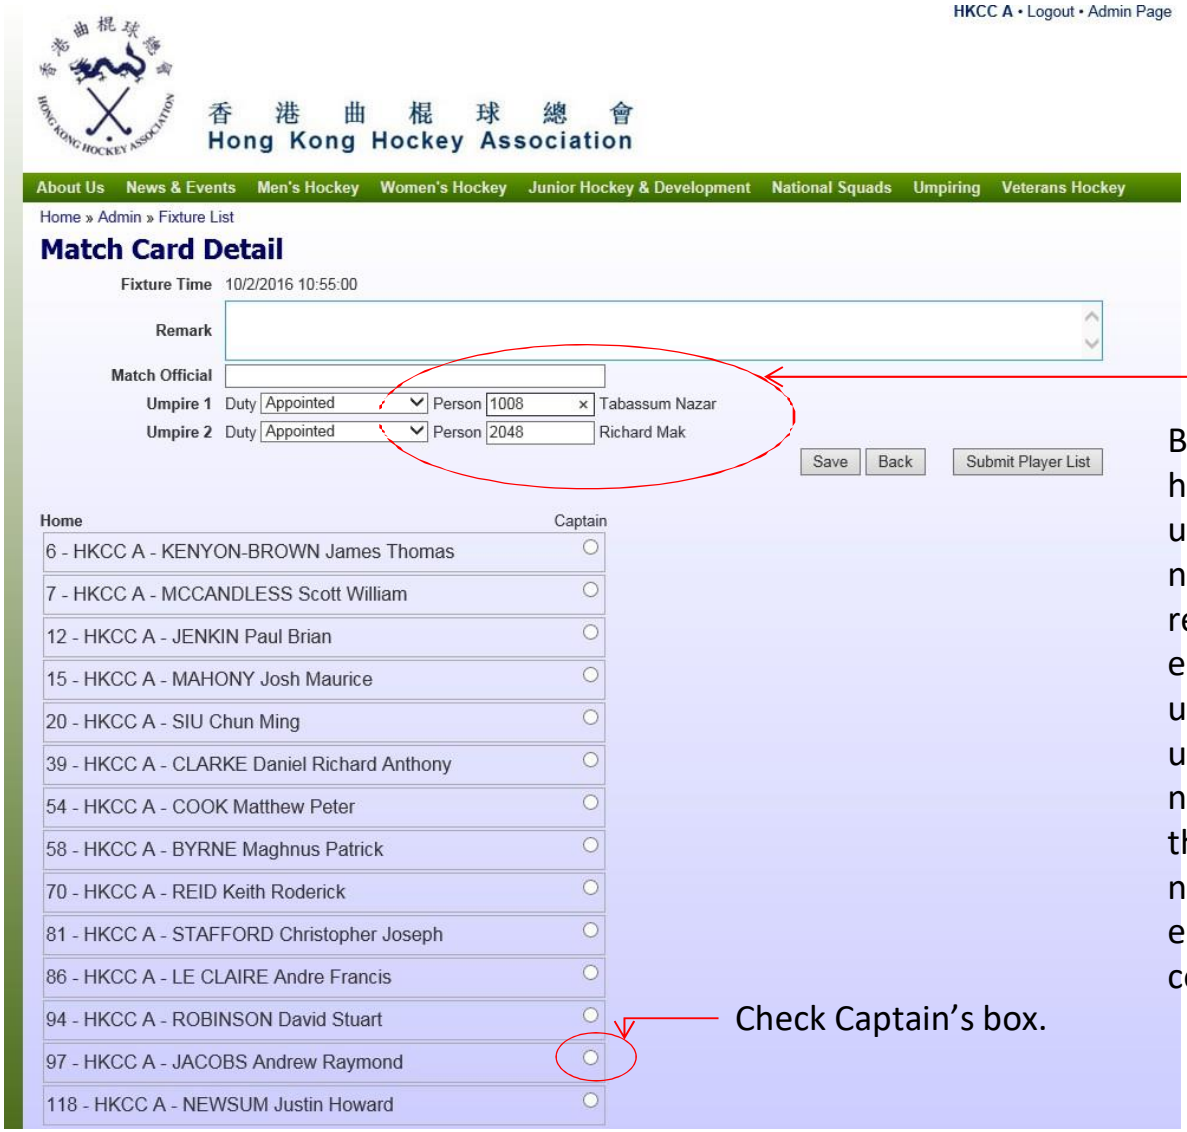


By Clicking “Save”, the list will be saved. By Clicking “Back” after saving the list, player list can be amended.

Before “Submit Player List”, player list can be saved as many times as you like.

Captains can start entering the list as early as the previous match card was submitted. For example, after playing a game on a Saturday and submitting the match card, the captain can already start inputting the player list.

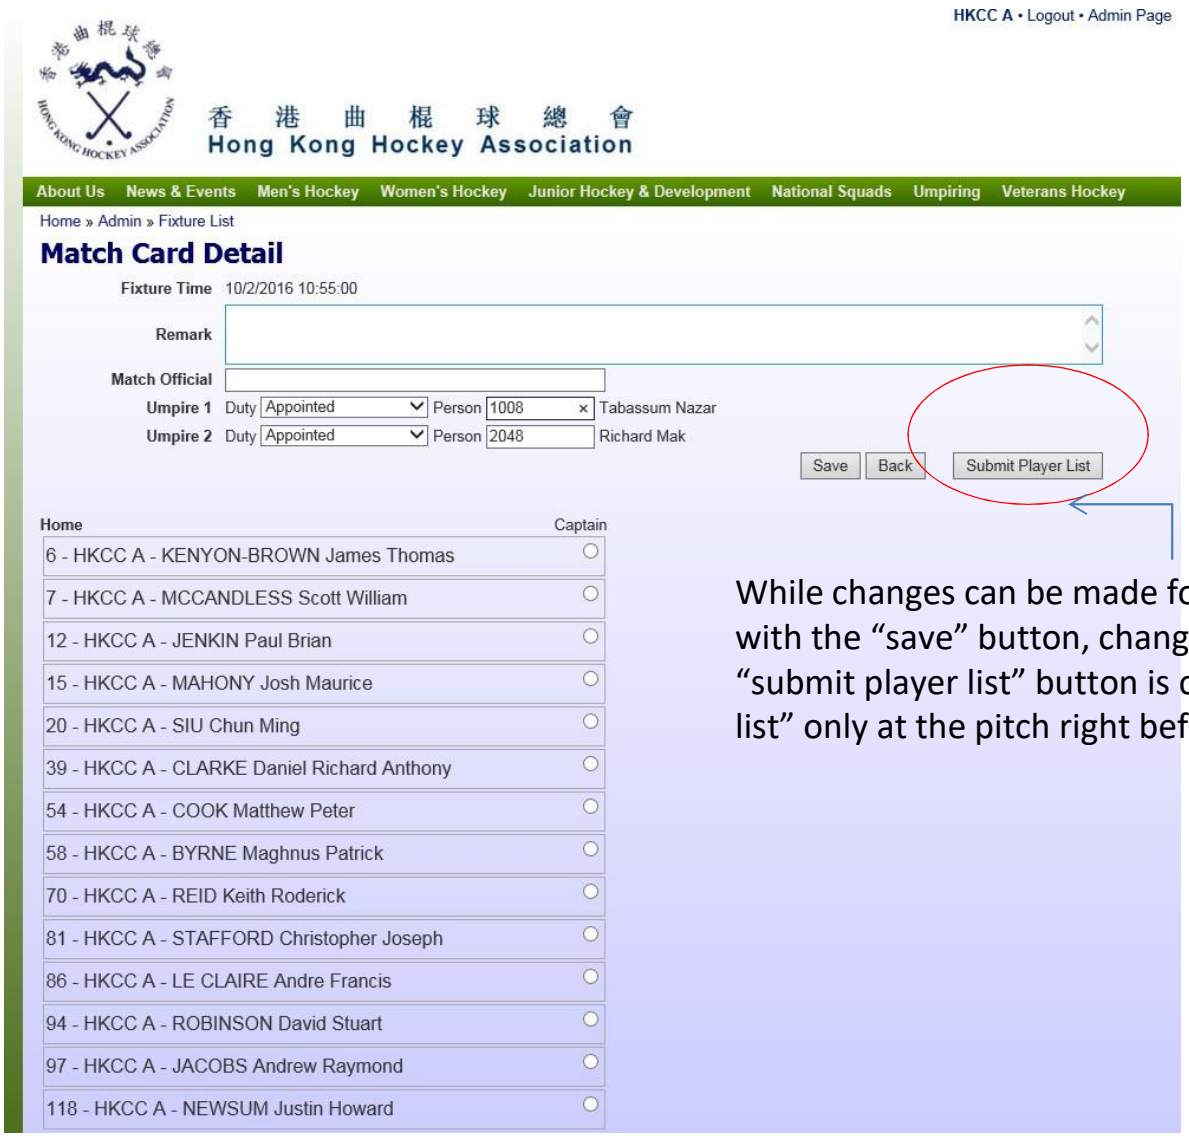
Home Team Captains to Enter Umpires and Match Official (if any)



Before match starts, home captain is to ask for umpire registration numbers. Once registration numbers are entered into these boxes, umpire names will show up. Check with umpires if names are correct. If not, then correct umpire number can be re-entered to generate correct umpire name.

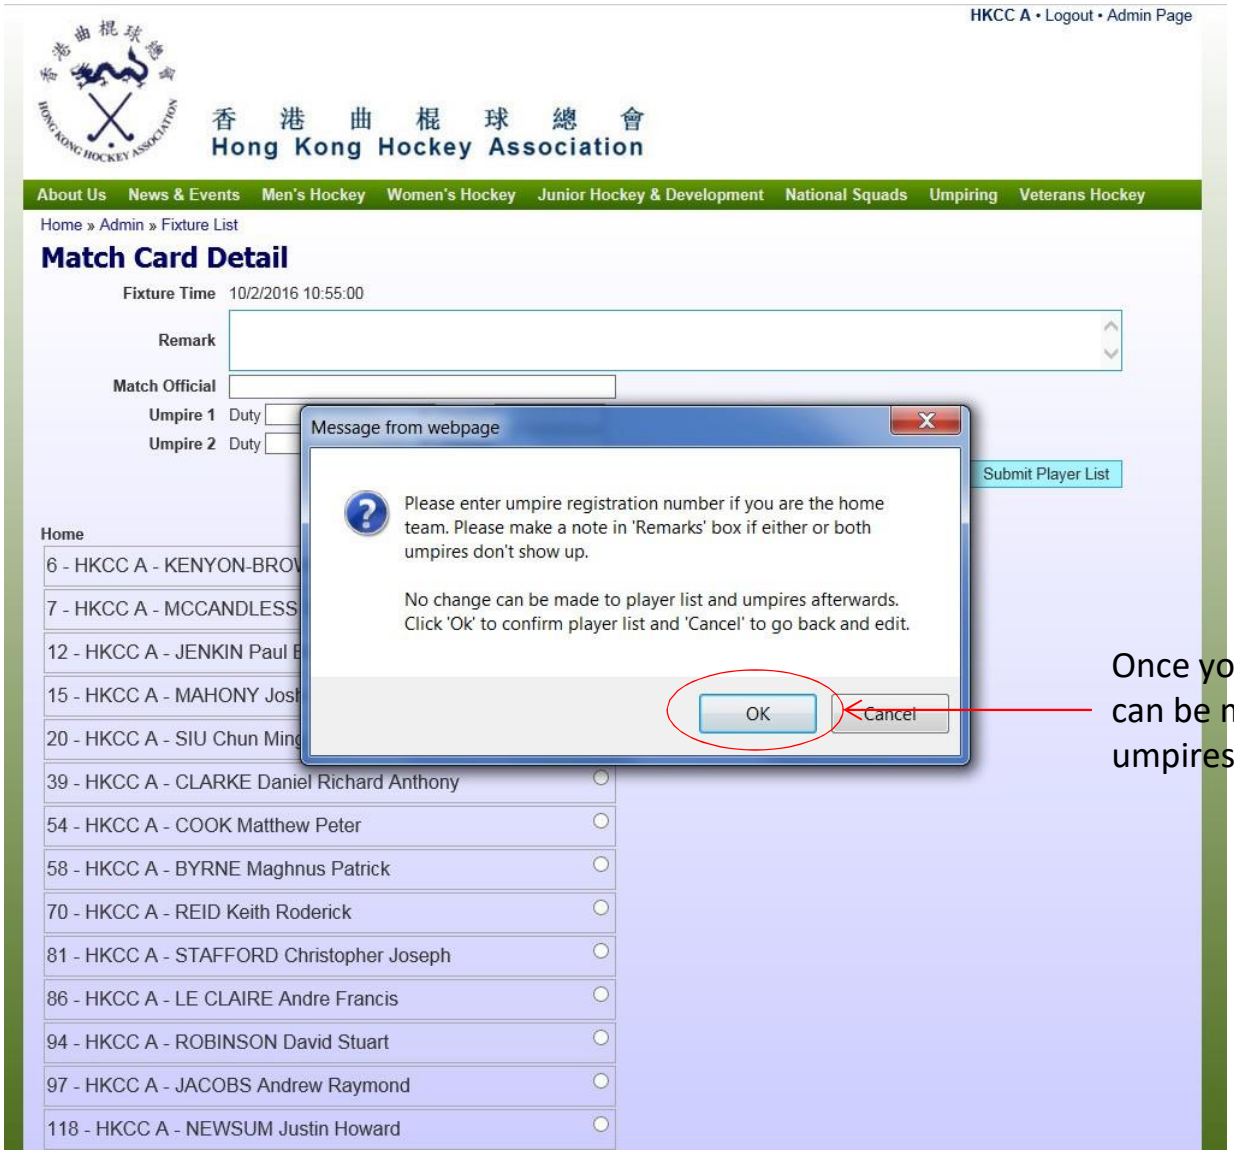
Check Captain's box.

Submit Player List



While changes can be made for infinite number of times with the “save” button, changes cannot be made after “submit player list” button is clicked. So “submit player list” only at the pitch right before the start of the match.

Point of No Return!



Once you click “OK”, no change can be made to player list nor umpires.

After submitting player list

Click logout and get ready for match

Away Team

Away Team Captain to go through the same process but no need to enter officials.
As mentioned earlier, captains can start entering player list as soon as the previous match card is submitted. Check Captain's box then Submit player list after making sure everything is correct.

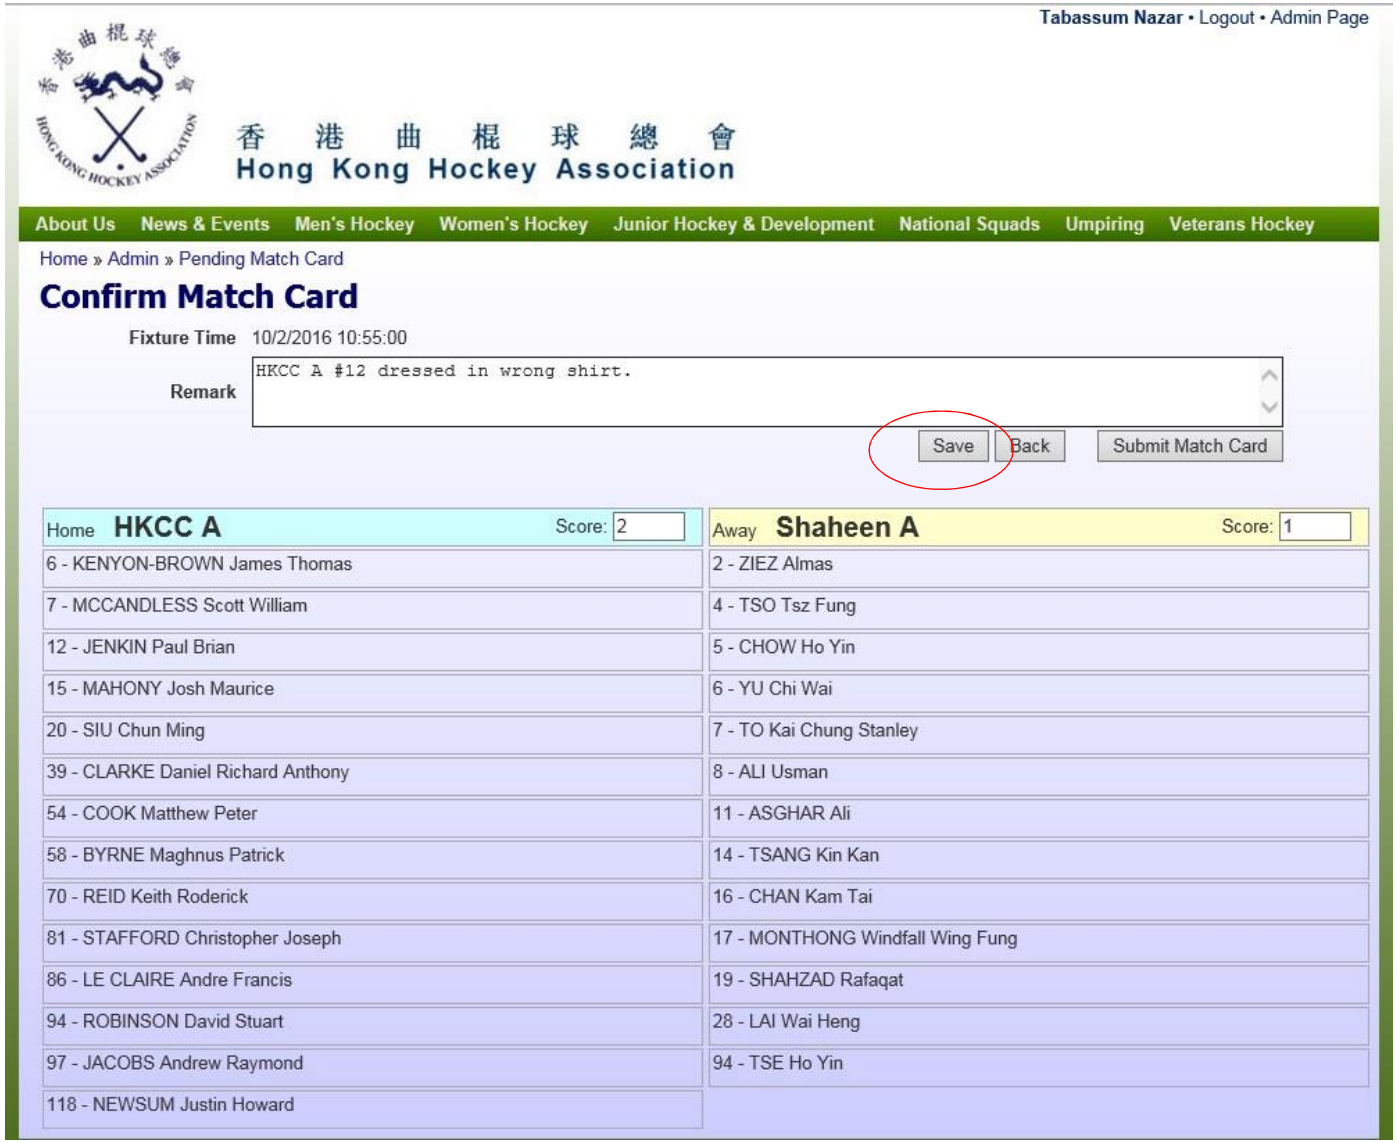
Umpires can enter player penalties any time after match starts

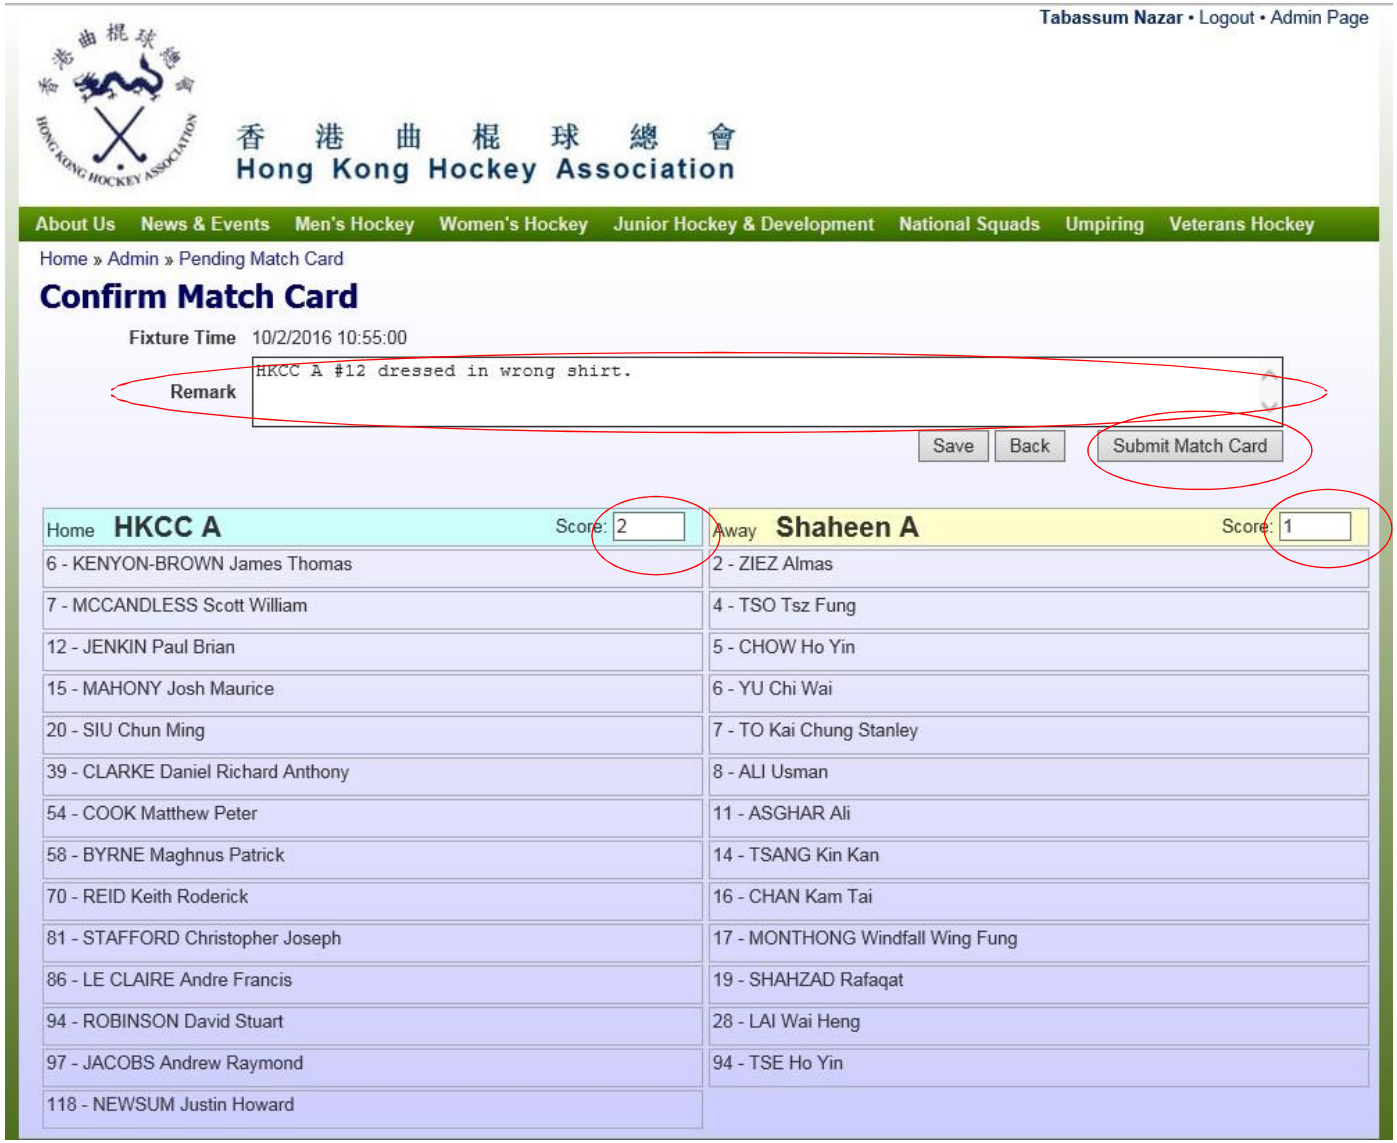
Click “Next” after entering player penalties

Saving entries of player penalties



Make sure you save the entry of player penalties if you enter them during the match.

Umpire 1 to enter scores after match



After umpire 1 enters scores and remarks (if any), then click “submit match card”.

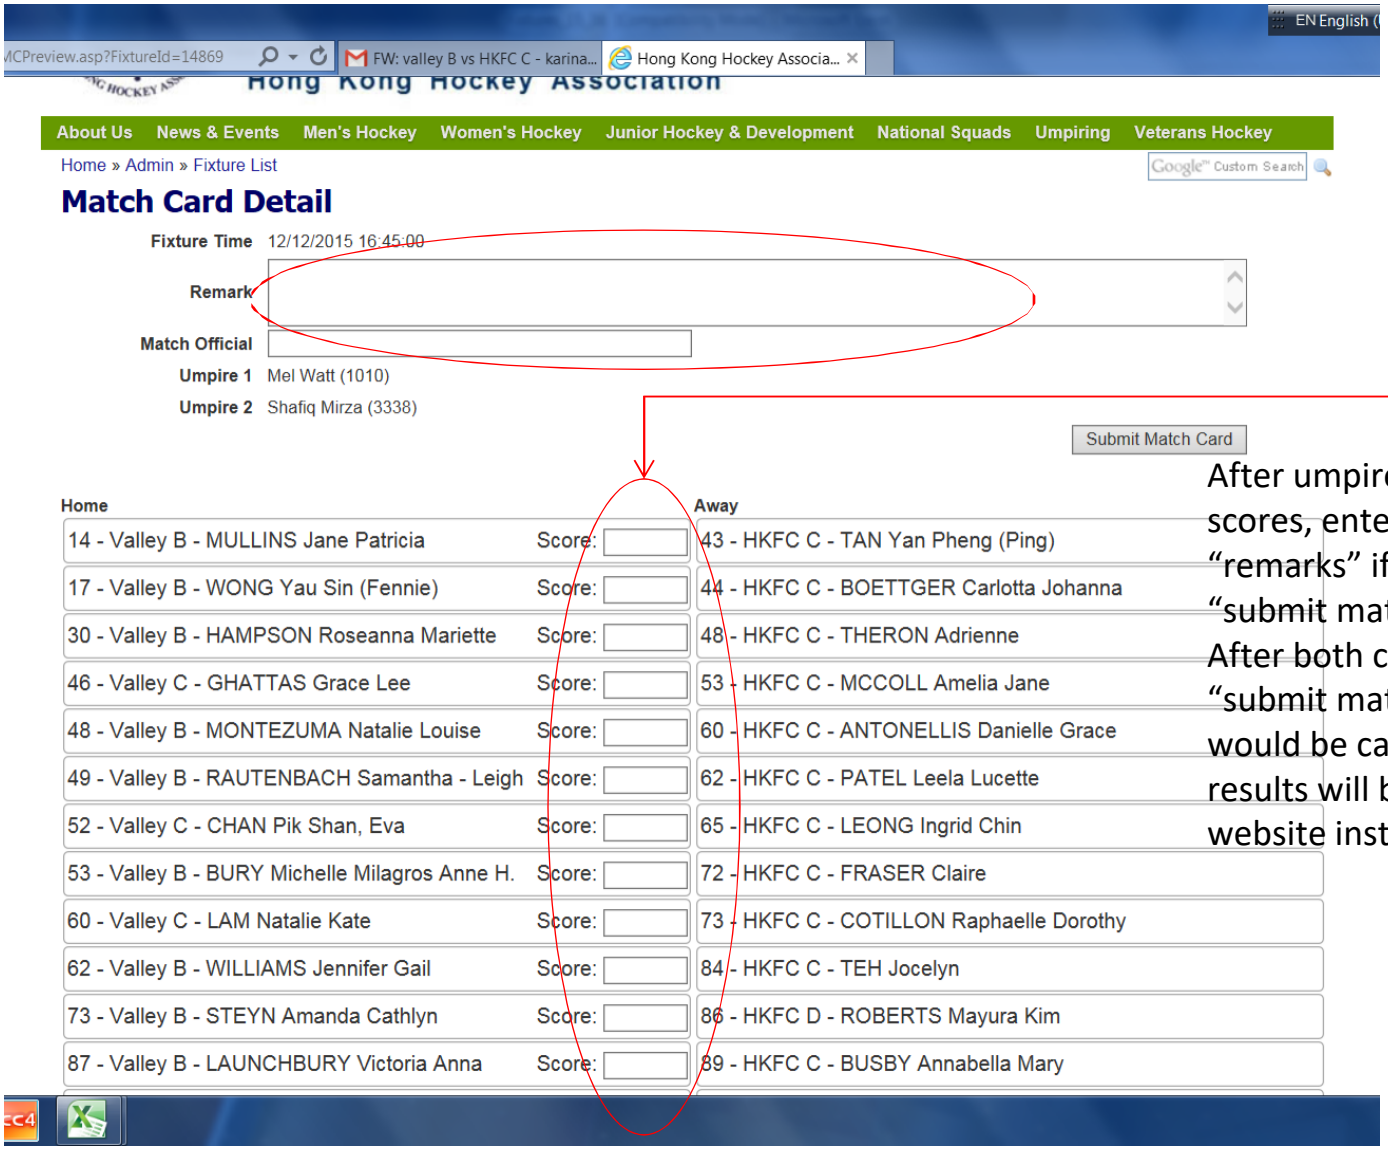
Umpire 2 can also enter player penalties (if any)

Click “Next” if no player penalties. Otherwise, enter player penalties then click “Next”

Umpire 2 to submit match card

Umpire 2 enters remarks (if any), then click “Submit Match Card”.

Captains to enter scorer details after match ends



After umpires enter the scores, enter scorer details, “remarks” if any, and “submit match card”
After both captains click “submit match card”, all data would be captured and results will be shown on website instantaneously.

The Workflow

Timeline	Home Captain	Away Captain
