

Player Registration Declaration Form
HKHA - Men's Section
(To be completed by club official)

I declare that I am a Club Official as defined by **HKHAMS** Bye-laws.

I confirm that the details of our club's online player registration and re-registration are complete and accurate.

I understand that once the new registration requests are submitted online, the registrations will only be processed and approved by HKHA after the required players' details and adequate document are submitted through the online system.

For local players who are above 18 year-old and DO NOT have any change of team and shirt number for the new season, we have changed their status in the registration system for re-registration. Once the re-registration application is submitted by the club online, it will be deemed as final submission and HKHA will approve accordingly. Those applications with missing or inappropriate sized player's photo will not be accepted.

Other special requests e.g. re-registration of shirt # change, U18 player and visiting player, Form C must be completed; transfer of player, Form D will need to be completed.

Applications that have been approved online by the HKHA will become invalid in case the corresponding forms for these special requests are absent. MS reserves the right to impose penalties to the respective clubs according to the bye-laws.

No changes of player details (e.g. shirt no., team or status) will be allowed once the player is registered unless the clubs have received approval from the HKHA. I understand that any incorrect details submitted may results in delay in processing.

The weekly cut-off dates for additional player registration or changes in players information will be at **5:00pm on every Wednesday** unless it falls on public holiday (deadline will be postponed to Thursday 5 pm). The first registration deadline before the start of the new season will be **5pm on 4 November, 2020 (Wed)**. Registrations that are received after the deadline will only be processed after the HKHAMS completed the processing of those applications which are submitted on time.

We note that player cannot play any game unless they are listed on the Player List (for umpire verification) or penalty will be imposed according to the byelaws.

We declare that all our players agree to abide by the current HKHA Rules, HKHA Code of Conduct and HKHAMS Bye-Laws. The registered players have been notified for their obligations. They understand and agree that neither the HKHA, the HKHAMS, nor their officials shall be held responsible for any incident, accident or injury sustained by them as a result of their participation in hockey as a player, spectator or official.

I also hereby declare that for players under the age of 18, the player's parent, or legally appointed guardian, also understands and agrees to the above declaration for their charge.
